

BARDAYAL BIM

A folio of ten limited edition etchings by renowned artist Bardayal Nadjamerrek AO (dec)

From the heart of Ankung Kunred (sugarbag country) of the Arnhem Land plateau, Bardayal brought the sacred stories of ancestral beings and fauna and flora to life. Bardayal Bim is the 'big story', the embodiment of his dreaming place. 'My ancestors gave me this place and I myself have a longing for this country.'
